

Safe ICT NZ brings you:

2 Talks

Environmental
Blind spots
&
Protecting
Mitochondria

4–6pm Saturday 6 April

The Collective Hub

1/33 Johnsonville Road,
Johnsonville, Wgtn.

Koha entry

Environmental Blind spots — The zettabyte era has profound but ignored effects on the environment. What are they and what choices can we make to lessen impact? Protecting Mitochondria — Find out what these organs of the cells are, what they do for us, and how to protect them.
